

Please follow the garbage disposal Rules.

Put out your Combustible Garbage by 8:30 a.m. on the morning of the collection day.

If you have put it out since midnight, cows mess up the garbage. Please put it out on the morning of the collection day.

Use the yellow garbage bags designated by Yame City.

If you don't use the designated bags, we won't pick it up. And please make sure to cover the bird net, when you put out the garbage.

Put it out to the designated collection garbage station of your neighborhood association.

The station is managed and set up by the membership fees in the association.

If you want to use a different garbage station for some reasons, please ask the chairman of the neighborhood association.

Tie them closed securely at the top.

We do not pick up the garbage which is not tied because of overflowing, or is tied by force with adhesive tapes.

Combustible garbage stations are kept clean by neighbors. Please follow the rules as above, and take responsibility for putting out your garbage.
